

## Prophecy 2 The Tunnel, the Burning Bridge & The North LHC ?

### Description

a frog is the source and the cover “mask” “disguise” over the tunnel. a flying bug or butterfly in the tunnel is the catalyst.

from the boom the there is a bridge connecting two sides, it is burning, all the people above the bridge on both sides are burning .

From the burning bridge the centre it travels to the Sydney opera house, which holds a key in it’s centre. of the purple waves that is all linked to Uluru they are two parts of the urn.

Uluru holds the red sun at it centre, it is outlined by the ghosts of the past. Above the rocks are the ghosts of the past over australia’s head.

Side Eye Catch

The doves from the north need to turn to the centre, to follow the aqua aura along the eac East Australia Current to the Queens Land, the purple, if it continues on their course they will land in a burning lake.

The AA is inverted in the north, its structure affected by Crowley and his A change not the shape of a letter

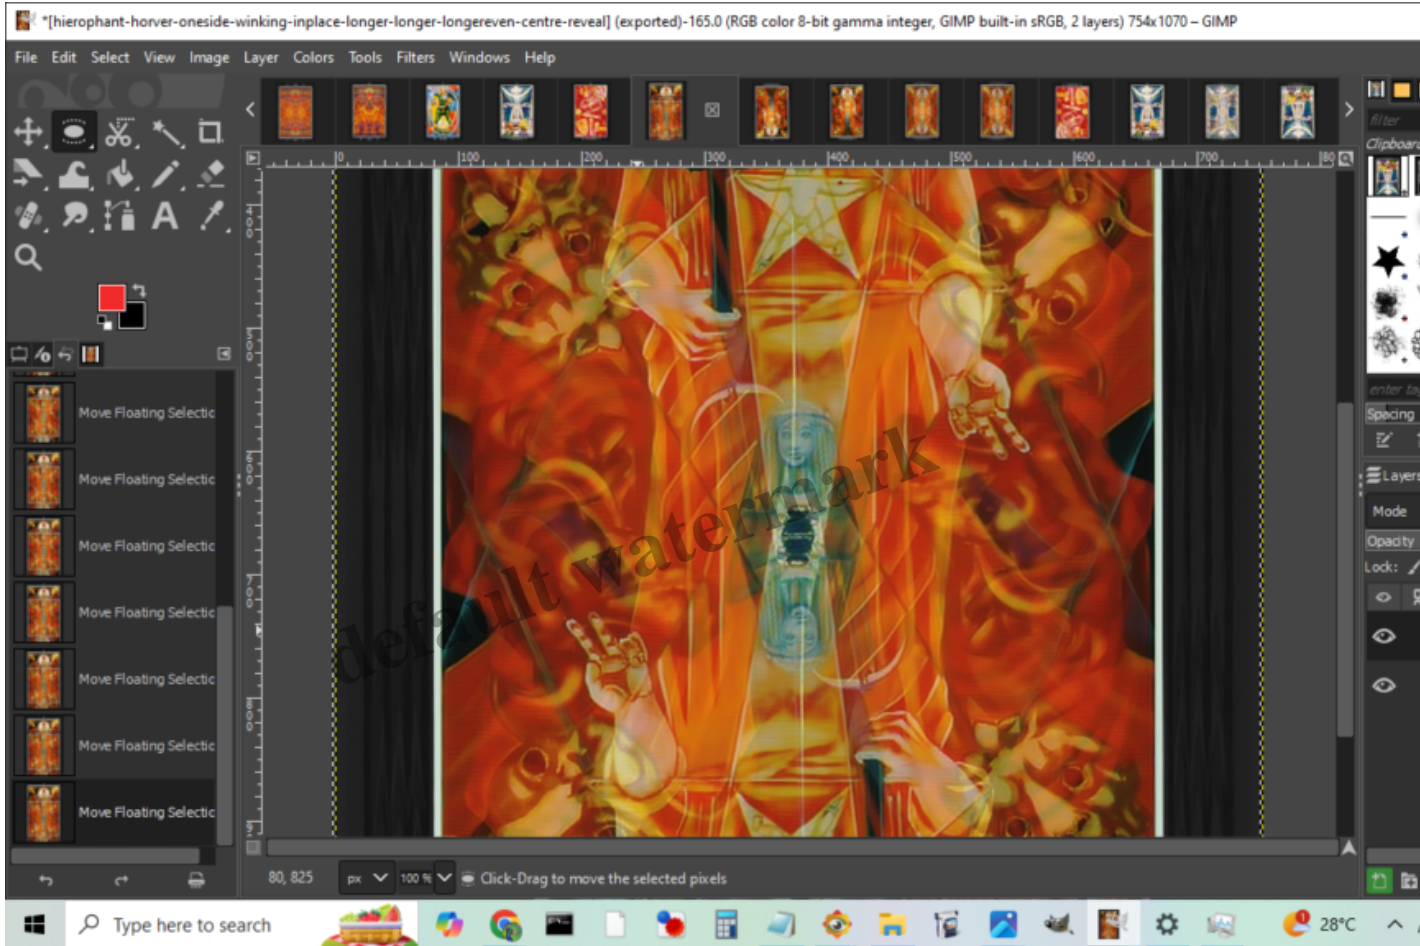

the Disabled AA follows the two doves one on each side down to the south. dove in the right brings extra shadows,

the front of the right dove is dissolving as it gets closers to the choice of three it is getting closer to the choice of fire.

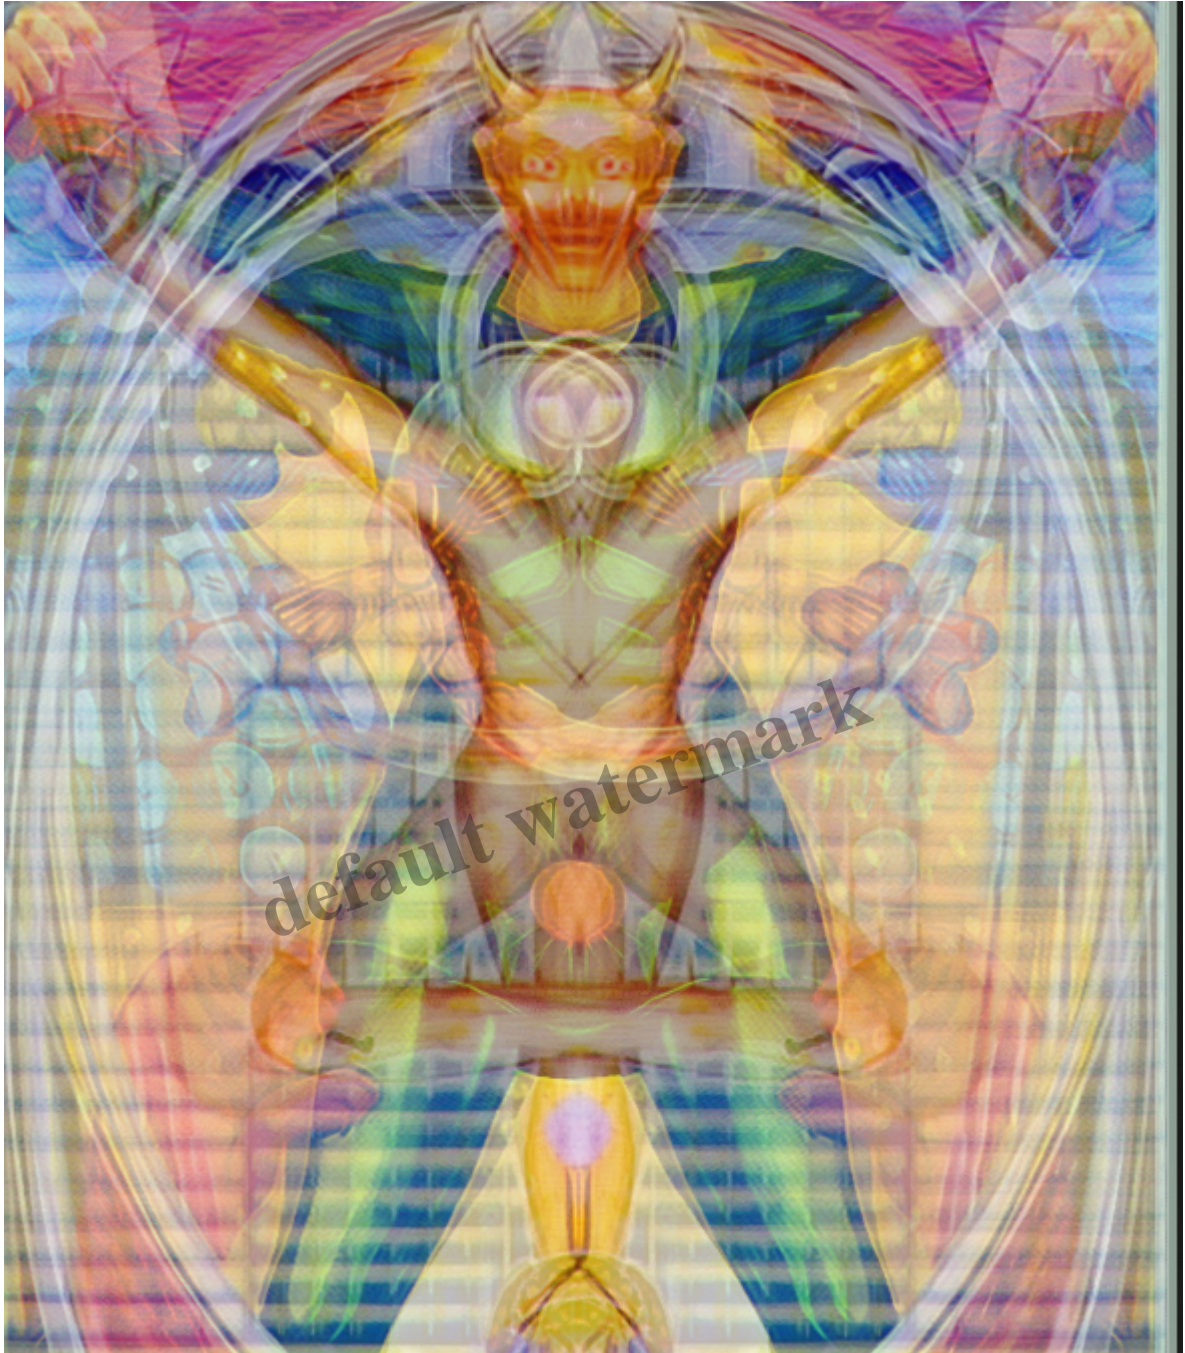

- To choose right, is to choose to be burned in the fires.
- To choose centre, it is good at first before it too changes to a lake of fire tempered somewhat by the water but still too hot.
- To choose the left and stick to the left will come out in the true centre of the south successfully.

snow capped mountains join the rock and the opera as the centre of the urn with the opera on top rock on bottom. HES. hydroelectric
