## **THVHT**

## **Description**

Many centuries ago a lie was created as truth in logos

The fallout from that lie is the clip clops the cliphoth.

The shells and husks of a false creation

That lie once created cannot be uncreated

That lie spreads and breeds more lies

That lie hits the mirror of the universe

The Mirror of Truth – The Mirror of THVHT

That lie creates and equal and negative reaction

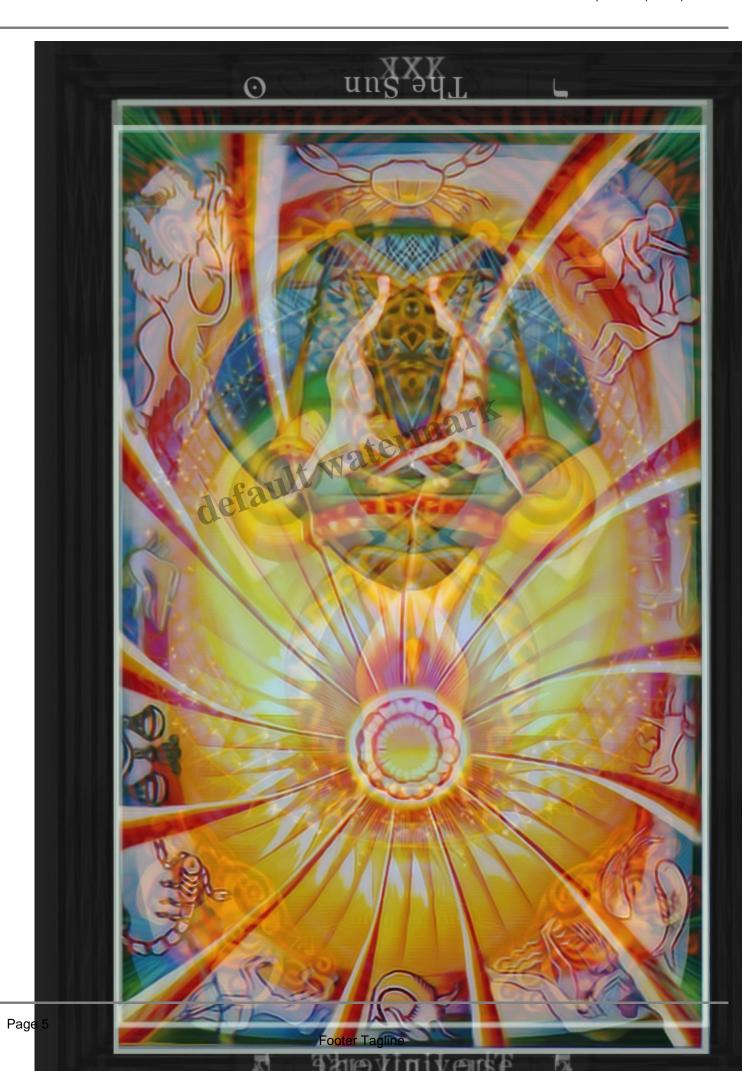

The equal and negative reaction to a lie is Truth

Truth has been created from that Lie.
