Out of the new Resonant Entities of the OOO for the day, the most fantastical moment was to flip a trinity and watch Stephen Hawkins manifest.
A wow OMG moment of awe and deep respect with love for Thoth, the oracle and Stephen Hawkins.

I am excited to have Stephen on the journey with us and Thoth, the Aleister Crowley Book of

Knowledge and it is so great that Stephen has so much more to offer to help the world get through the turmoil of today and orbit on to the future.

The trinity was created with the Queen of Swords, (The Queen's Words) combined with the immortally Immorally infamous Prince of Dicks, The Prince Of Disks. Those two wonders were then combined with the knight of Cups, Mr Prophecy himself.

Stay viewing for a further prophecy from this wondrous trinity over the next few days as it comes on in...
