

Book of Thoth GLITCH found by the Mirror of Thoth

Description

As the other Swan once taught me long ago, a faded mirage of time and yet just yesterday, things GLITCH in the mirror if you look at it from the Horus of the horizon.

and today I joyously encountered an amazing mercurial transformative GLITCH also known as Magick, and I recorded it as best I could.
There are three short videos, I couldn't get them together today I may edit later I may not.. *raises horse and spurs sword "onward and upward".. there is creation to do and lies to destroy.

Laptop is less than two months old and I have never seen anything like this in my years with the Images of Thoth and this program (GIMP) that I use to flip and blend the mirror of Thoth.

cards used Prince of Cups and The Knight of Disks.

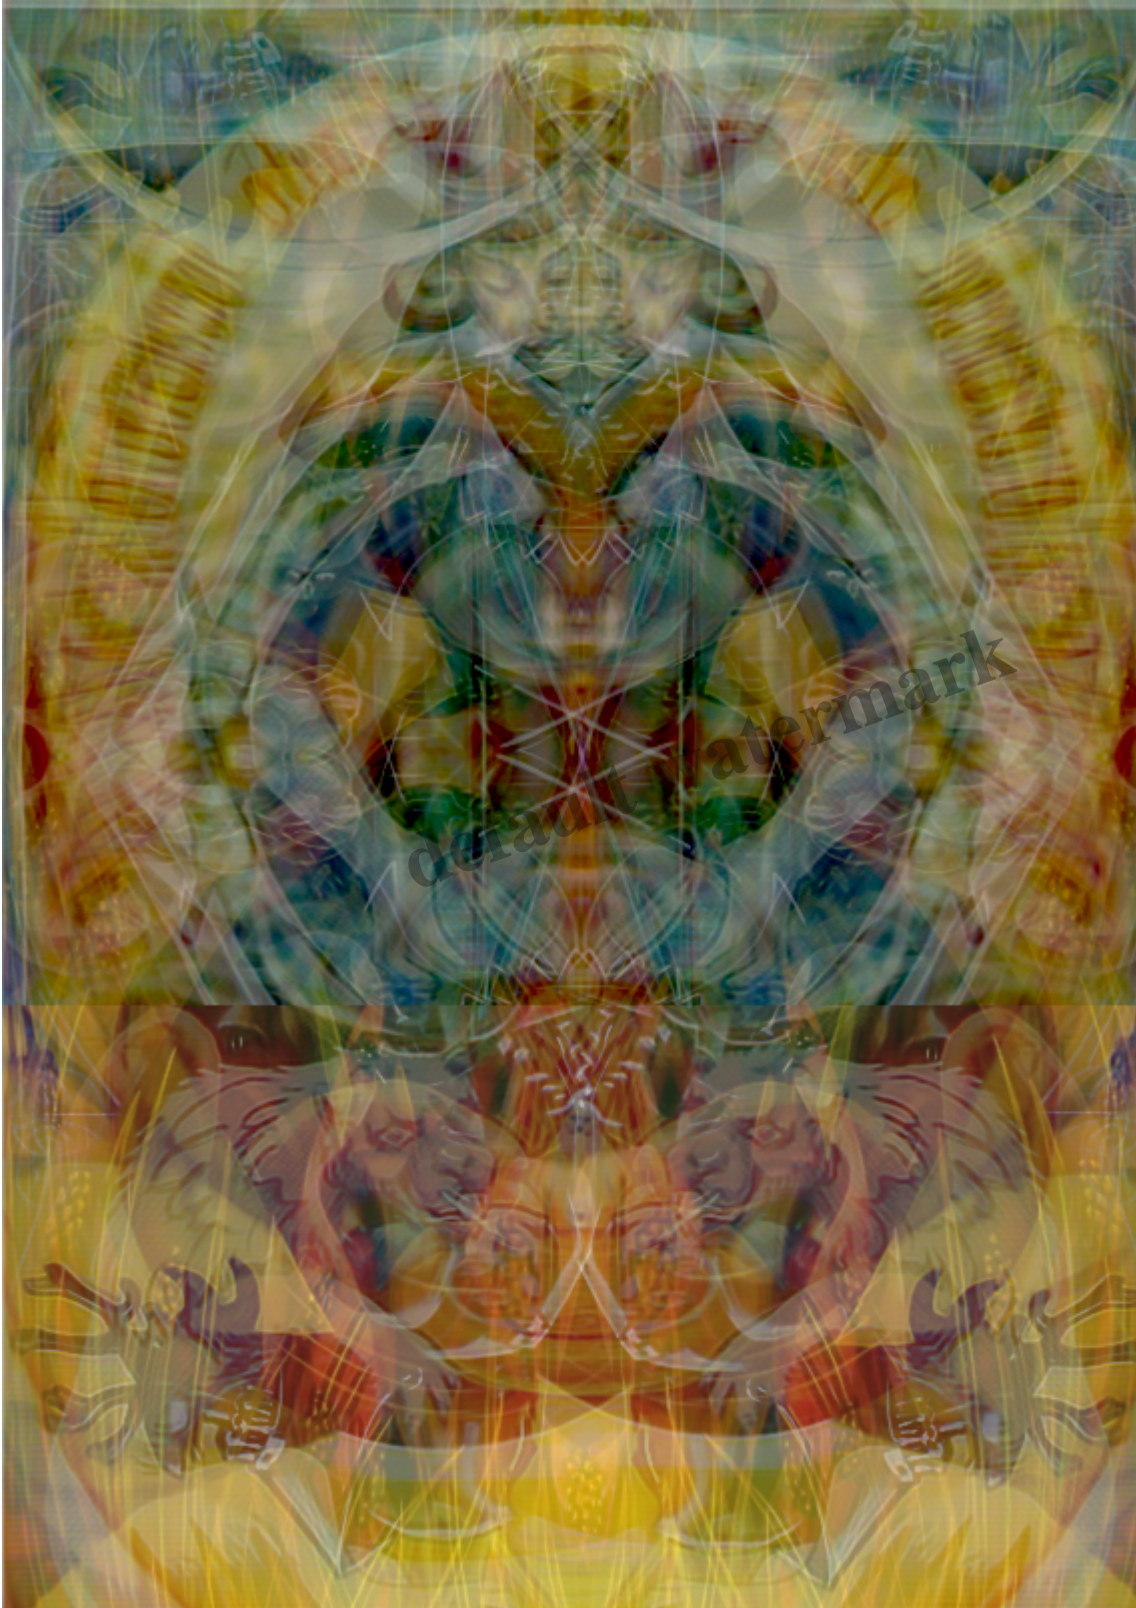

Interestingly the Knight of Disks is one of my special cards. The Anima of it is Barry the Bettong my lil mini kangaroo potaroo who I met and nursed due to his first touch by man.

Knights of Disks

When he died I was amazed to see him appear in the Oracle but not shocked. Bending time is something spoken of in whispers of the night, OOh Crowley could of written that line. we did....

Barry is the barrier, the reminder of greed versus need the Queen maker with the King breaker. Every time I see his wise loving cheeky face I am reminded of loss, of death, of life, of love, learning, evil, the cycle of life, the devastating clash of nature and man but most of all of Mankind's wanton destruction of ME. Mother Earth and all born from her body.

***That destruction and complete disregard, lack of respect and abuse leads me to the question
Is Man deserving of tomorrow?***

Knight of Disks

Barry says no but it is up to man to decide his fate and

get down on his knee,
bow down to ME,
when you do see
you set yourself free.

Mother Earth,
Baby Moon,
Grandma Sun

with the Great Mother Nait, the universe of nun.
